

Message from Chairperson

Dear all students, parents, teachers & partners all over the world

Welcome to join Hong Kong International Science Olympiad Final Round 2019 - 2020. For the 1st year, there are 5 teams and about 200 candidates to join the final round. This is a wonderful result for all of us to be interested in HKISO which should be held at National University of Singapore, NUS for the first year. We have 10 active teams from Australia, Cambodia, Hong Kong, Kyrgyzstan, Myanmar, Philippines, Singapore, Sri Lanka, Thailand and Vietnam from HKISO Heat Round 2019 - 2020.

To inspire curiosity and an attitude of discovery, to promote the understanding that progress has been happening in scientific fields for centuries, to encourage the integration of ideas and subjects, to encourage truth-seeking, to allow students to study important scientists who asked good questions and worked towards good answers, OCEC all decides to organize Hong Kong International Science Olympiad (HKISO) that included a mini experiment in the heat round.
